I am interested in continuing as a Last Chance Curling Club Board member to maintain a consistent perspective on the board, continue to grow the organization, and build upon the welcoming and inclusive community we have built. I've served on the board since the club was established in the role of vice-chair (four years and as a non-executive member since the club was established. I co-chair the bonspiel committee, serve as the LCCC representative on the Philipsburg Outdoor Spiel planning committee, help maintain a social media presence for the club, and help with other board duties as my availability permits.

I believe I can continue to contribute to the best interests of the club with my expertise, experience, and contacts in the Helena and larger curling community. Our club is at a pivotal point in our existence, transitioning from striving to be financially sound to establishing an updated, long-term vision to guide our club and our community in to the future.
Good Curling!

I am interested in continuing my service on the Last Chance Curling Club Board. I've been involved with LCCC from the start and am one of the founding members. While on the Board, I've served as Treasurer and now Vice President and been involved in many other committees (e.g., Bonspiel and League Logistics). I would love to continue serving LCCC and growing this amazing curling sport in the Helena community. We have accomplished quite a bit and would enjoy being part of growing our Club even more. I'd be honored to be back on the Board for another term. Thanks for your consideration and vote to continue my service on the Board.

I am interested in joining the Last Chance Curling Club Board because....

I first experienced curling in December 2021 at a learn to curl event for Leadership Helena, and I have been hooked ever since. I enjoy sharing my love of curling with the community and introducing new people to the sport. LCCC has the opportunity to grow the sport in Helena with the anticipated uptick in interest with the upcoming winter Olympics and the Dakota Territories Playdown event in 2027. I would like to use my community connections and fundraising skills to help the club capitalize on these opportunities.
